

# Perfect Connections you can rely on.

Elaflex meets the standards and growing demands for safer hoses, couplings and rubber expansion joints in the bunkering and tank storage sector – such as for petrochemical, marine and industrial applications including cryogenic transfer (LNG) and vapour balance operations.

We supply advanced refuelling equipment backed up with excellent practices, procedures and certifications.

For your enquiries, please use the **Elaflex product configurators**. Create your required products online, quick and easy.
