

# Fuel Grade Identification to EN 16942

**i** More information:  
[elaflex.de/en/fgi](http://elaflex.de/en/fgi) +  
[badgeselector.elaflex.de/en](http://badgeselector.elaflex.de/en)

Since Autumn 2018, EU Directive 2014/94/ requires each dispenser, nozzle and vehicle to be clearly marked and labelled to EN 16942, indicating which fuel is suitable for the vehicle.

- ① For a simple retrofit please use our **Fuel Grade Identifier for ZVA Nozzles**. The 'EK FGI' fits below existing Product Badges.
- ② It is also possible to use our new **Product Badges 'EK 145' with integrated Fuel Grade Identification**.
