

Reel up properly. Hose Reel Solutions from ELAFLEX.

Our new **bespoke Hose Reels** are **produced in-house** and are offered as a solution with hose, coupling or nozzle.

They are built to the highest quality and safety standards, so you get the complete package, supplied from a trusted, reliable, single source.

Modular design with manual or motorised rewind systems, in any dimension, configuration and colour.

Our hoses can also be equipped with the safe 'Dry Gas Coupling' system from MannTek, for the ultimate in eco-friendly, safe and spill free handling.
