

The Tough Performer: Bunkering Hose 'FHD'.

FHD bunkering hoses from ELAFLEX feature an additional, longitudinal stripe helping to recognise any twisting during installation, commissioning and use.

FHD meets the latest EN 1765-Type L and VG 95955 military standard. Premium quality, available ex stock, quick delivery worldwide, after sales support is provided.

FHD can be reeled up flat and easily stored to handle toughest working conditions, exposure to ozone and all weather conditions.
