

## Configurator for the Mann Tek Product Range

Elaflex is working to improve the service it delivered to customers via the introduction of a configurator covering the Mann Tek range of Dry Disconnect Couplings, Dry Aviation Couplings, Dry Gas Couplings, Dry Cryogenic Couplings, Safety Breakaway Couplings, Cryogenic Breakaway Couplings, Full Flow Ball Valves and Swivel Joints.

The product configurator is designed to be user-friendly with the customer in mind. Customer feedback is positive confirming its informative, easy and fast to use.
