

Merger of the ELAFLEX HIBY Group

After more than sixty years of successful cooperation, all business and production activities of the two affiliated companies ELAFLEX - Gummi Ehlers GmbH and ELAFLEX HIBY Tanktechnik GmbH & Co. KG have been brought together to operate under one single umbrella.

This is retroactive effective from 1 January 2020, with the name change to ELAFLEX HIBY GmbH & Co. KG. All production and distribution sites including your contact persons are unchanged.

Also Thorsten Wasmuth is a new member of the ELAFLEX HIBY management. He will take over as well as promote a part of the ELAFLEX HIBY distribution division. Moritz Hiby as managing director of our Plettenberg-based factory will continue to be responsible for production. Stefan Kunter will continue to perform comprehensive executive duties as CEO and Managing Director.

This consolidation constitutes the legal completion of what the majority of our clients have perceived as a fact for many years now - a uniform market presence of the entire ELAFLEX HIBY group of companies. We will strengthen our position in both the domestic and international markets, at the same time substantially improving our processes and increasingly focusing on new business segments. This approach will sustain our efforts to ensure the first-rate quality of our products and the reliability of our services - it forms a good basis to continue our excellent cooperation with our business partners.

For more information on the above contact: Anton Martiniussen, ELAFLEX LTD, anton.martiniussen@elaflex.co.uk
