

# Safe and Reliable Aircraft Refuelling – ELAFLEX Group at inter airport europe 2025

**Hamburg/Munich, September 2025** – ELAFLEX Group will present products and solutions for aircraft refuelling under maximum safety conditions at inter airport europe 2025, the leading international trade fair for the airport industry, from 7 to 9 October at stand 470 in hall B6 of the Messe München exhibition centre.

Supplying airplanes and helicopters with conventional and alternative fuels demands enormous safety, reliability and contamination-free conditions throughout the entire supply chain. As a strategic partner of IATA and a multi-certified specialist in aircraft refuelling, ELAFLEX Group has decades of experience, dating back to the end of the 1940s.

From 7 to 9 October, ELAFLEX Group will present current products and solutions for safe aircraft refuelling at inter airport europe 2025: Aljac's extensive product portfolio, composite hoses from Dantec, MannTek's dry disconnect couplings, hoses and nozzles from ELAFLEX and SGB's sophisticated leak detection technology. The range also includes solutions from EATON's Carter. Visitors to stand 470, hall B6 of the Messe München exhibition centre will find, among other new items from ELAFLEX:

- Robust, weather- and fuel-resistant badges for **ZVA AF** refuelling nozzles to prevent misfuelling
- New HiFlo refuelling nozzles **ZVA 32 AF** and **ZVA 32 AF SIC** for flow rates of up to 200 l/min, free of non-ferrous metals
- **ERV-G AF** rubber expansion joints for all aviation fuels in additional sizes DN 50, 80, 100, 150
- BD hose bead product portfolio expansion by adding a **BD 38** variant
- Customised **hose reels and trolleys** from in-house production

## About ELAFLEX Group

The ELAFLEX Group is a globally leading specialist for the transfer of liquids and gases, developing and distributing solutions for handling of conventional and alternative fuels as well as chemicals. Today, ELAFLEX stands for cross-industry standards regarding safety and quality for already more than 100 years. The unmatched quality of the user-friendly products is based on durability, sustainability, reliability, and results in a low Total Cost of Ownership (TCO). As a global system provider, the ELAFLEX Group combines decades of expertise and innovative strength along the entire transport chain. Aljac, Dantec, ditec, ELAFLEX, MannTek, Oasis and SGB always consider the path of sensitive media from production or extraction to the end user as a whole and optimally harmonise all components involved.
